Jakin High School

Jakin, Georgia

Dedication

In appreciation for your most helpful counsel and understanding patience, we, your sons and daughters of the 1955-56 graduating class wish to dedicate our yearbook, THE MEMORY, to you, our parents whom we love and honor.

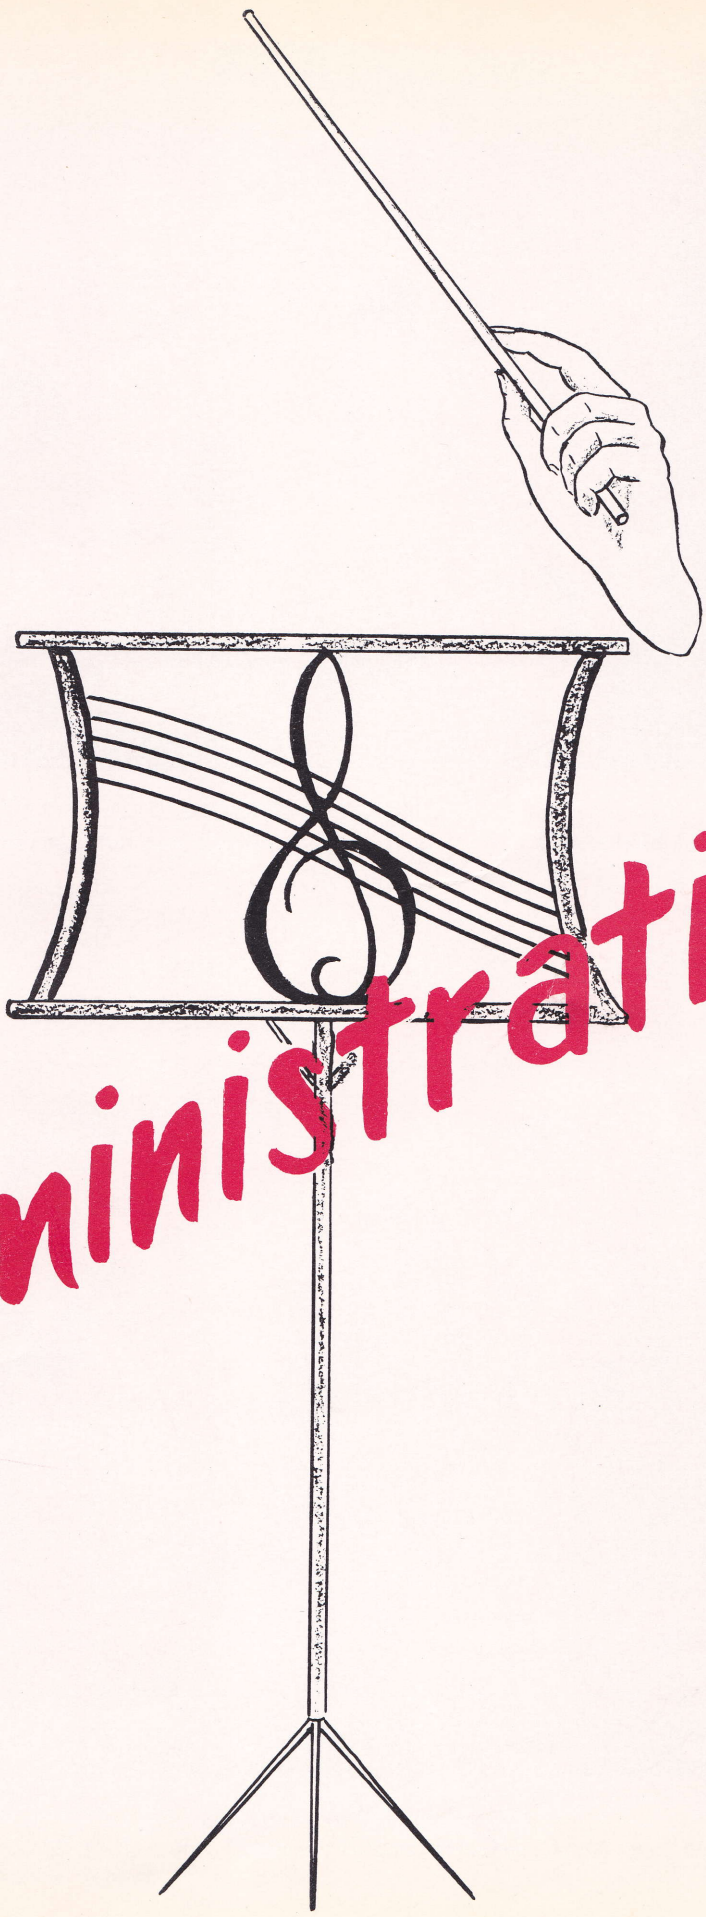

You have followed with sincere interest our troubles and our triumphs during our school years. Your love has been an inspiration and comfort to us and it shall stand as a monument, tall, erect, and respected in our hearts.

We sincerely appreciate your kindness and your patience which we have often sorely tried. For this we would like to say, Thank You.

You have always aided us when we faltered and urged us on when we loitered. You gave us always your sympathy and understanding.

Words cannot be found to truly express our gratitude for your help in securing for us a High School Education. We shall always strive to uphold, honor, obey, respect and cherish the ideals you have given us.

Our greatest hope is that you will never be disappointed in us.
